

# Polar Pizza

Baskin-Robbins' Polar Pizza® Ice Cream Treat was offered for a short time in the 1990s, and since then Baskin-Robbins has updated this fan favorite and brought it back to shops nationwide.

Polar Pizza is an ice cream treat that Baskin-Robbins guests can eat like a pizza, and it's available in five delicious flavor combinations: OREO® Cookies 'N Cream, Peanut Butter 'n Chocolate and REESE'S® Peanut Butter Cup, Jamoca® Almond Fudge and HEATH®, Chocolate Chip Cookie Dough, and Mint Chocolate Chip. Guests also have the option to create a customized Polar Pizza by combining a tasty, soft baked 9 inch round Chocolate Chip Cookie or Double Fudge Brownie crust with their favorite ice cream flavor and any combination of fun toppings.
